Analysis of Feedback by Student on Curriculum (2024-25)

❖ Introduction

Sai college of computer education values the feedback of the students. The institute looks forward to and is interested in understanding the perception of the students about the curriculum of their learning. We have taken the feedback from all students of BCA, BCS (II, IV, VI semester program) who have completed the program of graduation. The perception of the curriculum is analyzed in terms of design, delivery, effectiveness and advanced content and industry readiness. Only 58 responses have been received for the academic year 2024-25 **Interpretation:**

- The analysis of the feedback suggest that the curriculum fulfills the objective of learning.
- The curriculum is relevant in the present context.
- Program Coordinators were instructed to organize field visit and conduct various projects which are related to social issues during the next academic year.
- The curriculum is revised in CBCS pattern and therefore the students are satisfied.
- The majority of the students expressed the usefulness of the subjects for higher studies positively.
- The majority of students expressed their contentment about the skills imparted for helping them to be industry ready.
- The overall rating is positive for academic development.
